

Fix Medicare Now Social Media Toolkit

The Medicare physician payment system is on an unsustainable path, threatening patient access to care and physician practices throughout the country. We're fighting for long-term reform, and it's critical that leaders in Washington hear our message loud and clear.

Today, physicians are the only #Medicare providers who do not receive an annual inflationary update. In fact, since 2001, their payments have lagged 29% behind the rate of inflation. It's time for a reformed system that better meets the needs of patients and physicians. Join the fight to #FixMedicareNow.

It's time for Congress to support a #Medicare physician payment system that better meets the needs of both patients and physicians. With a rational payment model in place, we can:

- ✓ Ensure financial stability
- ✓ Promote value-based care
- ✓ Safeguard access to high-quality care

See how you can urge Congress to #FixMedicareNow.

A rational Medicare physician payment system would better meet the needs of both patients and physicians by:

- ✓ Ensuring financial stability
- ✓ Promoting value-based care
- ✓ Safeguarding access to high-quality care
